David Steiner

OCT 27, 1954 - JUL 8, 2017

David Steiner, 62, of Redwood City passed on July 8, 2017 due to sudden heart failure. David was born to George and Ruth Steiner of Los Gatos, CA, where David grew up. He attended the Architect Program at Cal Poly San Luis Obispo and studied a year abroad in Italy. He worked for several architect firms in San Francisco before he ventured on his own. His talent was evident in the two beautiful homes he designed and built himself. David married his love Sachiko Enami Steiner in 2002. They have a lovely thirteen-year-old son, Kai. David was a devoted father, volunteering at Kai's school and going on field trips. David enjoyed traveling, especially to Japan to visit Sachiko's family. David exercised regularly, swam, and loved to visit museums and historic sites. He had a passion for politics and could stimulate a worthy debate. David is survived by his loving wife, Sachiko Steiner, son Kai, father George Steiner, sister Donna Buttlair and husband Stuart, niece, Anna; and brother Robert. Memorial Service will be held Sunday, July 16 at 1:30pm at Skylawn Funeral Home, San Mateo (Hwy 92 at Skyline Blvd.)

More than anything David has been my perennial basketball friend and one of the most open, honest people I have met in my life. Always quick to pitch in and offer help for the kids, we taught art classes together, volunteered at Track meets, and waxed philosophic about schools, kids, and politics from the deck he built overlooking the Bay while the boys traded piano melodies. I have loved each of our conversations because of how heart-full his positions were. I have been inspired by his architectural creativity. He sought to do good work and then he reflected. Always with a question and a smile, he made me laugh and was a joy to be around. He has made my life richer for having known him. I hope he knew with absolute certainty that Sachiko and Kai would be well cared for by the community that he has served so selflessly. Much love, Beth Injasoulian

David helped us with Art lessons at North Star in Kai's grade. He was one of the few fathers to step forward in this role. When I learned he was an architect, he deep knowledge of design and art made sense. He was always willing to share his talent and his love of art with others. He loved creativity and loved Kai and Sachiko. He was a joyous person who liked simple beautiful things. Sachiko and Kai, I am so sorry for your loss. Kim Freitas
