Ella and Family, I worked with Jay and interacted with him many times going a few years back. There is much I can say, all very positive. I liked and respected him and his management style. Not long ago, after interviewing with him for a job opening in his area, he later called and invited me to see him in an "above and beyond" manner and offered to help and advise me to further my career goals. It was a sincere reflection of his consistent character and desire to assist people. Since hearing of his passing, he and you have been in my thoughts and prayers. I will carry good and positive thoughts of Jay as long as I live. Please accept my sincere, heartfelt condolences. David Ferreira
