She was one of the kindest women I've met. She would always invite me inside to talk whenever I'd deliver her prescriptions. I really do miss spending time with her. May she rest in peace.

What can I say about Grandma that wasn't known? All I can add is that I'm happy we had time together and while I am happy she is at peace now, I will miss her. There were moments with her that I will never forget. I will miss the way she told me she loved me, or was praying for me... The way only a grandmother could. She lived life on her terms and I respected that even if it was hard to accept sometimes. Rest in peace, grandma. We are still trying to do what you asked of us.
