Most blessings to your family. Dr. Stich was my families physician, and the only one I had from birth in 1951 (born in San Mateo) and on for many many years until I moved away. Our whole family cherished him as a kind, compassionate and personable doctor. He was a true treasure. I've told many a person how much I have missed having him as my doc! For some reason, I ALWAYS still have thoughts of him popping into my head!!! I had always wondered what had become of him. I truly hope that he had a wonderful and enjoyable time with his later years. I know that he will still be in my thoughts for the tomorrows to come. I only looked at this obituary site as a curiosity, as I was researching SKY LAWN as will be down there (live in Wash) at the end of this month to visit my mom and dad who are also buried there. I will check for his location, and plan to say my hello's and goodbye's in person. Thanks for taking the time to read my rambling. Joseph Golser
