Sorry to hear about Dan. My condolences to his family & friends. I used to work with Dan at Gerber Products Company in the Mid 1980's to 1998 when the company decided to lay off the sales force and take the business broker. Dan was a great mentor and really good to work with back in the day.

So many great memories – camping, road trips, river rafting, hiking...hanging out watching Star Trek till all hours of the night. This picture of me on Dad's shoulders reminds me how much fun he was to be around. Now that I have my own son, and shoulder him around daily, I understand why Dad used to say, "Hold on to my chin son....not my throat!" Missing you very much Dad, thanks for being my best friend!
