Paul R Valdez Jr

NOV 30, 1958 - NOV 1, 2012

Paul Richard Valdez, Jr., was born to Paul Richard Valdez, Sr., and Trinidad Nacional Limos at the United States Naval Station, Subic Bay, Philippines. Paul was baptized and took the sacraments of holy communion and confirmation in the Roman Catholic church. The faith he valued throughout his life inspired him to live true to his word and deed, and Paul modeled civic virtues with gracious pride. Though raised with a military upbringing, Paul chose to live his adult life happily as a civilian. Growing up stateside along much of the California coast introduced him to what would become his favorite outdoor pastime, fishing. That and getting out on the water, first in his dad's boats, then as captain of his own, the Trinidad and the Catz Meow, venturing the bay, the delta and the ocean, as often as he could. Equally, his favorite indoor pastime was cheering for his teams, the Niners and the Giants. As a youth at Serramonte High School, Paul combined working at Long's Drugs as an assistant manager, along with mentoring young men through the DeMolay organization. A self-proclaimed geek, Paul's interests and aptitude with all things tech originated with cars and carried over into computers. He poured his heart into two successive and successful careers: the latter, building two exceptional school Mac labs for the students and teachers at Strobridge Elementary and Cesar Chavez Middle Schools in Hayward; the former, operating Paul Valdez Travel Management, a sole proprietorship with a celebrated client list. A brotherly bond formed with Pixar's John Lasseter, who in Paul's honor, commissioned the "PV Movie Hauler," a toy issued in 2010, which also features as a character in the blue-ray version of "Cars." Even through the difficult course of his final year Paul's kind spirit and graciousness endeared him to all who came to know him as a gentle man, warm and affectionate. Paul married the true love of his life Maria Teodosia Lacebal in 1989, at Naval Station Treasure Island, next to the San Francisco Bay that he so loved. Together they reared two daughters, and raised dogs, cats, birds and bunnies, fruit trees and a vegetable

Hello Maria and family, I knew Paul from working with him at Pixar (AP Manager) and developed a great bond with him. He was an amazing man and will be greatly missed. Our thoughts, love and prayers go out to your family in this time of healing. May all your memories of him be amazing, since that is the type of man he was and I am sure he carried that into being a husband and father. I am so thankful to have a friend like Paul. He was a man of courage and strength and I am proud of his ability to get through his health demands. His wife Teddi—a strong, loving support for Paul. I knew Paul in High School but my favorite memory was when he was a member of Mission Chapter Demolay. He was so energetic and would never miss an installation, supporting everyone he could. Lots of fond memories. I lost track of Paul for some years but finally found him on a High School page. I was so happy to talk to him once again and catch up on his life and health struggles. Paul was optimistic, very enjoyable to be around, and a trustworthy friend. I want to thank Teddi for allowing me to visit Paul in the hospital. Praying for comfort and peace for his family and friends! You Rock Pooh Bear!! Love always, Cheryl Lapham Past HQ, Bethel #198##imported-begin##Cheryl Lapham##imported-end##

Hey Paul, I am writing on a page I never thought I would have to do, because you was such a fighter. I want to thank you for all the years you gave to the children of Strobridge Elementary, and for being there for my son Billy. You helped Billy with his decisions on what courses he should take for college and he graduated from Cal State East Bay with a major in Graphic Design and Multi Media. We will miss you very much Paul and you will always be in our thoughts, remembering all the happy times and watching Katie growing up walking in the school hallways with you and Teddy. Thank you for sharing your life with us. When I look to the skies, I will watch for your smile.##imported-begin##Sally D'Anjou##imported-end##

The world has lost a great person and many of us have lost a great friend. During the DeMolay years there are very few people that can look back at that time and say they did not know about Paul or learn from Paul how to be a true friend and leader. He was one of the most respected leaders in our organization and I was truly blessed to call him a friend. Though the years since that time had separated many of us, there were so many things in life that reminded me of Paul. He has left a legacy that cannot be measured by wealth or notariety but can be measured by the lives he touched and the love that we all have for such a great man. He is not gone from our hearts. He is preparing that chapter room in heaven and one day we will all reunite as one DeMolay Chapter. To Paul's family I want to thank you for sharing him with us over the past few years and know that, like Paul, you will always be embedded in our memories.##imported-begin##Jim Eaton##imported-end##
