I have just learned of Mike's passing today (7/23/2012) and am truly saddened by it. Mike was my 'brother' (foster) and we went through high school and beyond together. We got our first jobs together (Shoprite); we were each others' 'wingman' on dates; and when one of us needed help – the other one was there... Mike never backed away from a challenge. He ran 12.5 miles in under 3 hrs. in 1962 and won \$75. BIG money for a 16 yr. old. Some results however, were more comical than fortuitous but Mike would never quit. Unfortunately, I lost 'touch' with him about 8 yrs. ago due to events in my life. My sincerest condolences to his family. Mike truly was one of the 'good guys'!

I am Mark C.L. Manley, and like Mike, I will always be a U.S. Marine. By luck, Mike and I were assigned to the same Basic Training platoon at Parris Island, South Carolina. This platoon has come to be known as the StonerPlatoon, due to the Stoner 63 Rifle the Marine Corps decided to let us test for them. We are still a platoon although we have been away from that life now nearly 45 years. That said, we are still the Stoner Platoon. Me and Mike and the rest of the men. Some of the men have gone on ahead. We lost one within months, others in Vietnam. All to many in the years since, and now Mike. I regard these as the "Point Men." Point men go ahead of the rest, to let us know it is safe ahead, and that we will be all right. They know that I and the rest of the platoon will follow, and we are thankful for the Point Men, and we also know that the point is the most trusted position in the platoon. I say to you, my condolences, and I say to Mike, " It,s nice knowing you, brother, Semper Fi!"Mark Manley, Sgt. USMC veteran###imported-begin##Mark C.L. Manley###imported-end##

It is with great sorrow that I hear of Mike's passing. We "The Stoner 63 Rifle Platoon 236 K company 2nd Recruit Training Battalion, Parris Island, SC". All 63 of us started in our Corps together, we were all much more special than we thought we were, each one of us were handpicked to exceed and we did. From PI to A Company 1st Battalion 8th Marines in Camp Lejeune, NC. We had every test and task given to us and we excelled. Our memories are that of "as Family, Friends and buddies" that would be there for each other from day one and beyond the end of the USMC's Special Test Platoon. During the past years I thought of all those times together, 63 tough determined Recruits, to US Marines, a Special breed of our own. We all live in each other's memories, always something in our hearts to remember, and laugh about, no tears shed there, tough, proud and Victor's against all odds. I celebrate Michael V. Parsells as a brother, a Marine and a friend that I had not yet found again. God Bless us All Respectfully Submitted, David D Lawson 6135 66th St No. St Petersburg, FL 33709 ##imported-begin## David D. Lawson Cpl USMC RET ##imported-end##

Write your memory here... Served in the Marine Corps with Michael. We went thru basic training at Parris Island both part of a unit that became the Stoner Platoon. The last time I spoke with Mike we crossed paths on a Med cruise while participating in a Marine amphibious landing in Turkey in 1966. Mike always impressed me as a straight forward person, who excelled at whatever he put his mind to. I'm sorry for your loss. ##imported-begin## Paul Currie-Mills Colorado Springs, CO ##imported-end##
