Hello everyone,My name is Dave Keck,I worked with Jim at the Emeryville FedEx for approx 2 years.There is so much to say about Jim that I don't know where to start.For one thing he was a humble man,never complained about what he didn't have, he was happy with what he had.Never had anything bad to say about his family,he always had a different perspective about everything and always had a way with words.He was a good friend and a co-worker and was always willing to give his thoughts on whatever you talked to him about.He did love his bikes and being outdoors,I thought he was nuts when he took up snow skiing in his later years but he kept at it and enjoyed it.He gave me so much information that I'll carry it with me for the rest of my life.I will always be thankful for the times I worked with him,remember his laughs and some of his famous lines (I can't repeat them here)that he always lived by.I just wish he could still be here today to hear more of them.There just isn't enough to say about Jim.I will sure miss him in the years to come.He's in the best place he could possibly be now and he'll be taken care of.I wish him well and the Family too.....##imported-begin##David Keck...FedEx Veh Maint.##imported-end##
