Timmy Lau

MAY 19, 1968 - JUN 6, 2012

Services will be held on June 18th at 9:00am at Skylawn Funeral Home.

Chris Lau My brother, Timmy, was a good brother, loving son, caring uncle, a loyal friend, and a responsible employee. He was always loyal, faithful, and reliable. He loved his parents, his siblings, his nieces and nephews, and his friend. He had a kinder spirit and a innocent and pleasant heart. It was always a joy to see him and be around him as he made people around him feel welcomed and comfortable. I would always love and miss my dear brother as we were both born in the year, I am his only younger sibling, and we spent a lot of time together in the first we came to the U.S. Although his death was tragic and heartbroken, we know he is in a better place where he would happy and lively in eternity.

My deepest condolence to you and the whole family. We do not know each other, but we met briefly at the temple. My beloved late father is situated just two spaces away from your brother at the altar. They are now with God and May they rest in peace.##imported-begin##Lena##imported-end##

I remember when the Post Office had a job fair. I was filling out my application and Timmy saw me and he gave me some tips on filling out the application. As time went by, I was hired we became co-workers. He told me he used to see me around the airport. I told him, I don't remember. Then, I asked him, "remember when you helped me with my app?" He said, "I did? I don't remember" "you can buy me dinner" I will always remember Timmy. Always wanting to help another.##imported-begin##David Wong##imported-end##

My deepest sympathies. Sorry to hear about the passing of your Son Timmy. May you treasure the memories. Know that my thoughts are with you! I know that I speak for all of us here at the Postal Service when I say it was great working with him and an honor to know Timmy! Please know that Timmy will be missed and our thoughts are with you all during this difficult time. Sincerely, Alfred Bianchi##imported-begin##Alfred Bianchi##imported-end##
