I am so sorry to learn of Les' passing. I worked with Les at Kaiser Permanente San Francisco, as a consultant to him and to help him prepare for career advancement. I came to know Leslie as a good, soft-spoken man of clear vision, ability, humor, compassion, and with a genuine desire to help. He made a difference. His passing from this life, especially at such a young age, is a loss to all who knew him. My prayers for Les and for his family, with my condolences. Joseph Ramos

Les was one of the best leaders I've had the privilege to work with. He was my direct lead for 3 years at Kaiser San Francisco, and was always supportive, creative at finding solutions for complex issues, down to earth, knowledgeable and funny! He had confidence in me for a leadership role which allowed me to grow personally and professionally. My heart aches from his much too early departure at such a young age, and I deeply miss this wonderful man, a beautiful soul. Condolences and love to his family and friends, his death is also an enormous loss to Kaiser, all the patients and staff who he cared for so well. An amazing human being and nurse is lost to us.

I knew Les in his St. Mary's days. My nickname for him was "Les is more" - he was always so generous of his time and his expertise. He was a gentle spirit, and addressed the most difficult of people with a quiet kindness. He had an amazing sense of humor and was just a joy to know and work with. We have lost one of the great ones! Many blessings to his friends and family.

I've known Les to be a very kind person who is always thinking about everyone else, making sure that what he does is the right thing to do, the best for the patient and aligned with the organizational goals. He was very knowledgeable, always ready to help - he would answer his call with "Hello this is Les, how may I assist you." He is a very special person and his light in this world will be very missed. Rest in peace in the light of God.

Les was one of my favorite people here at French Campus. His office door was just a few steps away from mine and I never saw Les in a bad mood. He always had a smile on his face and would joke around with us to get us to laugh. He would drop everything and help hospice with whatever questions we had even if he no longer worked directly with us. He will be very much missed. My thoughts and prayers are with his family as it seems they have had way too much loss these last couple of years.
