“ I met John in 1975. He became my brother-in-law later that year. John was friendly, loved playing frisbee, played the guitar if I'm recalling correctly, spoke softly, & gently, and laughed easy. He cared about others and was a very thoughtful person. He was a deep thinker.

My memory of just John & I was when I went up with him to DMV to get his first license. We went up in his red mustang I think. And after he passed the driving test and got his license, he drove us home. All I remember of that drive home was him merging onto the 280 freeway, southbound from Daly City. I know my eyes were wide open and my eyebrows were probably lifted to some degree. Lol. After that, he did fine.

John, you know you were so loved by all your family. You were always adorable and will always be in my heart. You will be so missed. Rest in peace John.

“ In the 20 years I lived with John, I can remember the time when he thought we were going to help my (recently departed) sister Angie with the wash at a new laundromat. To his awestruck amazement, the place I drove him to was called iFly, an indoor “skydiving” venue in Union City. It was a birthday surprise, and since he liked adventure, it was the next best thing to flying.

Although my heart aches deeply, I quickly remind myself on the exhilarating joy he must be feeling again, except this time in Heaven, flying with the Angels.

Condolences to the Family and
Love for John,

“ I am going to miss John. He was so pleasant to be around with, and I loved his attitude toward life, people, and work. He took care of our Lockheed building and provided the best service. I am going to miss his smile and small talks about family, food, movies, and taxes. Our encounters always brighten my day. Rest in peace.

Love,

Hung

“ I did not know John for long, but the conversations I did have with him every morning here at work were nice. He always had a positive, kind demeanor about him that made it so easy to strike up a conversation, regardless of my mood. Rest easy John.

“ I had the pleasure to work with John at LM. He radiated joy and I always looked forward to seeing him around our building. He took pride in his work and always had a smile on his face. He will be greatly missed.

“ John touched every one of us while working in our team. He did a great job and he did it with a smile on his face, every day. I don't remember a day when I met John in the morning, and he didn't say “Good morning!” with a smile on his face. Covid and masks made it a little harder to see his bright smile, but you could still see it in his eyes. He was smiling every time I had the opportunity to see him or talk to him!

John will be greatly missed! May he rest in peace.
